Volunteer Meeting Minutes

Initially Keep it Simple - Start with a few rides per week and see how things play out

- Have a central meeting place for rides like Madera Clubhouse
- Ron Neal is interested in Monday Rides
- Cliff Hall is interested in mountain biking
- Joanna Miller is willing to lead Monday rides at a casual pace at 10-12 miles both women and men
- Lenny Friedman suggested two rides per week on Tuesdays and Thursdays. Tuesday 15-30 miles at 12-15 mph. Thursday 8-15 miles at 10-12 mph
- Beth Enright is interested in leading rides of 15-25 miles at 10-12 mph
- Beth suggested multiple rides on the same day for different abilities for women, men or mixed
- Leaders who want can use a modified version of the LAB Waiver/Sign-In Sheet but it isn't required. Rides without a waiver will be show and go rides.
- No Dues or Website initially, we will use email to announce our rides and locations.

League of American Bicyclists (LAB) and American Specialty Liability Insurance (ASI) Research by Bob Smith

- Annual Club Membership of 100 or less is \$75 per year. We can join at any time.
- ASI coverage requires LAB Club Membership. They will provide a quote once the club is a member of LAB. Policy renews annual in February.
- If we are going to offer mountain bike rides, there is additional \$125 fee for a club of our size. A rough estimate for club around 100 including mountain biking and no liability for officers and ride leaders would be somewhere in the \$6 to \$7 range per member.
- Signed LAB Waiver is required for all rides. It is available on their web site at <https://www.bikeleague.org/>
- Beth has a copy of the Cascade Bike Club Waiver

After a discussion about Waivers and Liability insurance it was decided that after the club gets organized we will join LAB and obtain LAB insurance from ASI.

Paul Mencke knows an artist who could possibly do a logo

Lisa Johnson knows an artist who could help with a logo

David Andrew is willing to research and work on a website.

Wally Milbrath is willing to help with website, insurance, social events, etc.

A discussion was held about what days, who would host, times and meeting place. We would like to begin offering rides the week of November 26, 2018

- Meet at the East side of the Madera Clubhouse for each ride
- Ron Nowicki will host a ride every Thursday beginning Nov 29th of 10-25 miles. Time 9:30am – noon with a stop for coffee. No one gets left behind.
- Volunteers are needed to lead rides on other days of the week. Contact Bob@WeTandem.com and he will announce the rides via email.

We have modified the League of American (LAB) Bicyclists Release and Waiver of Liability, which also includes a sign-in sheet. All references to LAB have been removed. This form can be used by ride leaders who want to use a waiver and sign-in sheet.

Attended by: Bob Smith, Anne Smith, Karen Johnson, Gary Johnson, Lisa Johnson, Rick Johnson, Wally Milbrath and Ron Nowicki.
